

How much does the UseNeXT service cost?

You can sign up for our free trial plan once. It allows you to try our service for free for 14 days. Apart from the costs for your Internet connection no further costs are included.

Fees are levied after the free trial period. If you do not like our service you can finish your subscription at any time during the free trial period - no fees will be charged in this case.

You can find the membership fees for our full subscriptions [here](#). If you do not cancel and do not choose another package during the free trial, your trial will be renewed in our inexpensive Smart+ package.
